As you probably know by now, the LA City Council has placed on the November ballot a \$1.2B general obligation bond issue to generate funds for the building and renovation of permanent supportive housing. I have attached a fact sheet FYI.

Nonprofit organizations are permitted to lend their name to support issue campaigns – but, of course, you may want to check with your counsel if this is new territory for you.

With Labor Day approaching, we will soon be in September, and there is very little time to wage this campaign – and most have seen this as a window in time to capitalize on voter concerns expressed about the state of homelessness in this city, as measured by voter polling conducted this summer.

Please place this on your board agendas ASAP, and then forward your endorsement to Home for Good, as listed below.

Kerry

Thank you for expressing interest in endorsing Prop HHH!

**To officially sign on as a supporting organization, please reply here with:**

- 1. Organization Name, as you'd like it to appear on listings of supporting organizations**
- 2. Executive Director's name**

By sending this, you are giving the Prop HHH campaign approval to list your organization's name as a supporter in Prop HHH publications (print, web, etc.).

We look forward to partnering with you!  
Christine
